

# HOW TO SORT WASTE

Is your preferred bin full? An empty container is likely nearby; **you just need to open its lid.**

## MIXED/RESIDUAL WASTE

### BLACK CONTAINER (WITH BLACK OR GREEN LID)

- almost everything
- anything you don't know where to put

## PLASTICS AND BEVERAGE CARTONS

### YELLOW CONTAINER

- foils, plastic bags, pressed PET bottles, plastic boxes, styrofoam and many other plastic products
- **make sure that the bottles are not dirty from oil**

## PAPER

### BLUE CONTAINER

- magazines, newspapers, workbooks, boxes, paper
- **make sure that the paper is not dirty from food**

## GLASS

### GREEN CONTAINER

- clear and colored glass bottles and containers

## METAL

### GRAY CONTAINER

- pressed steel and tin (aluminium) cans, other metal objects
- **make sure that the can is not dirty from food/drinks**
- **do not throw spray cans (e.g. from deodorants), batteries and electronic waste here**

## BIO WASTE

### BROWN CONTAINER

- fruit and vegetable leftovers, peelings, plant leaves, etc.
- **do not throw anything else here, such as meat product or any packages**
- **no bags, not even the biodegradable ones**

## DID YOU KNOW?

You are legally obligated to sort waste under Czech law (541/2020 Sb. §13). Sorting waste can help you to reduce the amount of your mixed waste.
