

# Adnan Al Ali

Dear voter,

my name is Adnan and I'm starting my third year living at the dorm.

I'm in my first year of the master's program in computer science (Matfyz).

This is my first time running for a member of the dorm council.

I pledge to represent everyone, including:

- people from abroad (incl. Slovakia)
- people with disabilities
- the LGBTQI+ community

I plan to push for the following improvements:

- making the front stair entrance barrier-free (♿)
- building a pavement in the park in front of the dorm
- expanding the bus schedule to Saturdays
- fixing the buggy appWash phone app
- adding a trash can for kitchen oil disposal
- but most importantly: your suggestions

Text me! I speak Slovak and English.
